About

As a recent graduate in Bachelor of Engineering from Terna Engineering College, I am deeply passionate about computer science, machine learning, and web development. With a strong foundation in these areas, I have cultivated a diverse skill set that encompasses programming languages, algorithms, and front-end technologies. Through hands-on projects and academic coursework, I have honed my abilities to analyze complex problems, develop innovative solutions, and collaborate effectively in team environments. I am eager to leverage my expertise and continue learning in dynamic roles that push the boundaries of technology and innovation.

Experience

JAVA DEVELOPMENT (INTERNSHIP) | LTIMINDTREE | MARCH-2023 TO MAY-2023

- Attained practical proficiency in Java programming, encompassing fundamental concepts, data structures, and algorithm implementation.
- Gained exposure to a wide range of technologies including Java, JavaScript, Python, TypeScript, JDBC, and HTML5.
- Acquired foundational knowledge in core Java concepts and database management systems (DBMS), enhancing proficiency in application development.

MACHINE LEARNING INTERN | KNOWLEDGE SOLUTIONS INDIA | JUNE 2021 TO AUGUST 2021

- Developed predictive modeling algorithms achieving 98% accuracy in house price prediction and identifying heart disease using Logistic Regression.
- Implemented a K-Means Clustering model with 78% accuracy to differentiate public and private colleges.
- Contributed to data-driven decision-making processes, providing actionable insights for informed investments and educational strategies.

Skills & Abilities

- HTML
- CSS
- Tailwind CSS
- Java Script
- React Js
- Java
- C++
- Machine Learning

Projects

E-COMMERCE WEBSITE
- Integrated a responsive design using Tailwind CSS for consistent user experience across devices.
- Incorporated product catalog, shopping cart, and checkout functionalities.
- **Technologies Used:** React.js, Tailwind CSS, JavaScript, HTML, CSS.
- **GitHub Repository:** https://github.com/deepak0103gupta/Shopping-Website

YOUTUBE LAYOUT RECREATION
- Designed and implemented a responsive YouTube layout using HTML and CSS.
- Demonstrated proficiency in front-end web development.
- Replicated the user interface of the YouTube platform.
- Focused on pixel-perfect design and attention to detail
- **Technologies Used:** HTML, CSS.
- **GitHub Repository:** https://github.com/deepak0103gupta/YouTube-Layout

DISCORD LOGIN PAGE RECREATION
- Developed a Discord Login page using HTML, CSS, and JavaScript.
- Demonstrated proficiency in full-stack web development.
- Created a dynamic and visually engaging login interface.
- Emulated the design aesthetics of the Discord platform.
- **Technologies Used:** HTML, CSS, JavaScript
- **GitHub Repository:** https://github.com/deepak0103gupta/Discord-Login-Page

Education

BACHELOR OF ENGINEERING | JULY 2023 | TERNA ENGINEERING COLLEGE, NERUL | SCORED – 7.95 CGPA

HIGHER SECONDARY EDUCATION | JUNE 2019 | VANI VIDYALAYA | SCORED – 62.62%

SECONDARY EDUCATION | JUNE 2017 | VANI VIDYALAYA | SCORED – 76.80%

Soft Skills

- Adaptable, Quick Learner and Self-confident.
- Good communication skill and soft spoken.
- Team Work-Oriented.
